

The Young Physician.

WHAT HIS EXPERIENCE PROVED.

In the early sixties it was usually the duty of a practicing physician to ride many miles every day on his regular round of visits upon his patients. In those days a young man who had received a splendid medical training in one of the best medical colleges of that day was accustomed to ride ten, twenty, thirty miles or more visiting the sick and afflicted. His success was soon phenomenal. Doctors and families called him for consultation to towns at considerable distances by rail. His specialty was the cure of those common and distressing diseases of women. He had early discovered that by combining the extracts of the following medicinal plants, in just the right proportion, without the use of alcohol his "Prescription" almost invariably cured such cases. Later, in order to place this remedy before the public in a shape easily to be procured, he established a laboratory at Buffalo, N. Y., where regularly qualified chemists were put in charge to accurately prepare his "Prescription" and put it in shape for shipment to all parts of the world. This remedy, which he named Dr. Pierce's Favorite Prescription, is not a "patent medicine" but a tonic and nerve for women, and a regular physician's prescription, and contains the following ingredients: Lady's Slipper root, Black

Cohosh root, Unicorn root, Blue Cohosh root, Golden Seal root, and chemically pure glycerine. Dr. Pierce does not claim for his "Favorite Prescription" that it is a "cure-all." It is recommended as a most perfect specific for woman's peculiar ailments. So uniform are the results which follow the use of this remarkable remedy, that it can be truly affirmed of "Favorite Prescription" that it *always* helps and *almost* always cures. Ninety-eight per cent. of the women who give this medicine a fair and faithful trial are cured and remain cured.

It is a powerful invigorating tonic, imparting health and strength in particular to the womb and its appendages. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down," or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

THE PROOF.
"I want to tell you of the great improvement in my health, since taking your 'Favorite Prescription,'" says Mrs. L. Jones, of Forest, N. C. "When I began its use I was a physical wreck and had despaired of ever having good health again. Could not sit up all day. I noted a great improvement before the first bottle was all used. Was suffering with almost every pain that a woman is subject to; had inflammation of the ovaries, painful and suppressed periods, and other symptoms of female disease. After taking six bottles of 'Favorite Prescription' I felt like a new person. Can ride horseback and take all kinds of exercise and not feel tired."

Only one or two of these tiny, sugar-coated pills, will regulate, tone up and set in healthy, vigorous action a foul stomach, torpid liver and sluggish bowels. Little Pill, little dose; produce great results. First put up by old Dr. R. V. Pierce, over 40 years ago. Much imitated but never equaled.

You Neyer Know the Moment When This Information May Prove of Infinite Value.

It is worth considerable to any citizen of Jefferson to know how to be cured of painful, annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all itches of the skin, for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merit:

Mrs. G. W. Grubbs, living on R. F. D. No. 2, five miles north of Jefferson, Texas, says: "Some time ago I was greatly troubled with a skin eruption which broke out on my feet. I tried everything I knew of to cure it but nothing did me the least good. Happening to read an advertisement about Doan's Ointment I concluded to try it and got three boxes at The J. F. Crow Drug Co's. store. After the first few applications I found it was doing me good, so I continued the treatment with the result that the trouble disappeared. There has never been any return of it since."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's—and take no other.

There is a flood of gush and bosh incirculation about the old frigate "Constitution" just now. She is the old many times made overship that fought a hundred years ago, but which contains probably not ten cubic feet of the original wood. The Secretary of the Navy Bona parte suggested that the original cube root be extracted for sentiment and built into a modern ship of the same name, while the spurious matter which composes all but a fraction of the old tub be used for a target, thus saving yearly thousands of dollars of expense in preserving a useless counterfeit ship, while preserving whatever of sentiment may inhere in the name and the remnant of original wood. This, divested of gush and pseudo-patriotic protesting doggeral is all there is in it.

The fault of hazing at the National Naval Academy lies at the door of Congress and the country must know it. That irresponsible legislative entity passed a stringent law against hazing several years ago, but when the Commandant of the Academy Admiral Brownson dismissed three cadets for the very offense Congress had legislated to stop, Congress ate its own laws and reinstated the young hoodlums and they are now naval officers. Congress is making a great howl about the recent discovery that hazing is still in full blast in the Academy, but the fault is in the weak legged easy virtue of Congress and no where else.

Mr. Sulzer, a democrat of New York has introduced in Congress a bill for the establishment of a new cabinet office to be called the Department of Highways. The new branch of the Government would have charge of all steam and electric railways, telegraph and telephone lines, waterways, pipe lines and express companies, doing an interstate business. The bill will not be passed at this session of evolution in administrative government.
